Name $\qquad$ Date $\qquad$

Administer this test to students individually. Ask the student to read across each row and say one word at a time, as quickly as they can.

| For each word, note whether they read it: | above the word write: |
| :--- | :--- |
| correctly and rapidly (that is, automatically) | $\checkmark$ |
| correctly after a longer time (of more than 2 seconds) | H for each second of delay followed by $\checkmark$ |
| correctly after saying letter, part of the word first or incorrect word | what the reader says |
| incorrectly | what the reader says |

Record the responses for each word in the space above the word.
